The purpose of the donation is to support the beneficiary's mission in accordance with Section 2 of the Universities Act (research, artistic activity, teaching).

This donation is to be treated as a donation to:

the strategic profiling fund of the University of Lapland ☐

When donating more than 10,000 euros, it is possible to designate the donation for one of the following funds:

Teaching and Research in Education ☐

Teaching and Research in Law ☐

Teaching and Research in Art and Design ☐

Teaching and Research in Social Sciences ☐

Arctic Teaching and Research ☐

Publicity of the donation

It is allowed to use the donor's name in University communications. Yes ☐ No ☐

It is allowed to use the sum and the designated purpose of the donation in University communications. Yes ☐ No ☐

Other conditions

All conditions of the donation are defined in this deed of donation.

The donation is gratuitous. The donation is not subject to subsequent conditions nor any conditions that would limit the use of the University's other assets, including potential matched funding allocated by the state. The University decides on the use of the donation.

The donation may be connected with matched funding from the state, and the matched funding can be three times the donated sum or less than the donated sum. The donor is aware that the eligibility of the donation for matched funding is decided by the Finnish Government. The University adds the potential matched funding to the University's own basic capital permanently and decides on how return on the basic capital is used.

All information concerning donations (donor, sum, designated purpose) are public pursuant to the Act on the Openness of Government Activities (621/1999).
