February 28, 2023

UArctic International Secretariat

Dear Reader,

Letter of Intent

We would like to express our willingness to join the UArctic network. The main interests for joining the network include reaching out other universities in the network for potential collaboration for new joint programmes and research projects as we have established a joint Nordic Master Programme in Arctic Environmental Forensics together with Norwegian University of Life Science and University of Southern Denmark. Besides, the information and activities provided from the UArctic network will definitely promote students' learning towards the Arctic Environment. The school supports the application for the membership.

Yours sincerely,

Mattias Bäckström
Head of School
School of Science and Technology

2023 UARCTIC MEMBERSHIP APPLICANT - PROFILE

Applicant: Örebro University

Country: Sweden

Membership Category: Arctic

Membership Type: HEI

Profile Description:

Our vision is to be a university that leads towards a knowledge-driven society. Örebro University currently ranks among the top 500 universities in the world according to Times Higher Education 2022. For a few years now, we have also been included on the Shanghai ranking (ARWU) and most recently on the Leiden ranking. Close ties between teaching and learning, research and collaboration, are the mutual starting points for all activities. We offer many attractive professional degree programmes in, among others, medicine, psychology, law and engineering. The university has strong research within medicine, psychology, environmental science and computer science.

Strategic/Thematic Focus Areas:

Teacher education for tomorrow
Focus on food and health
AI and Robotics
Successful ageing
Platform for a sustainable future at Örebro University
