ACCOMMODATION

Students will be given an accommodation code and information on how to apply after submitting the online application in Søknadsweb. They do not have to wait for admission before applying for housing through SiS. UiS cannot guarantee housing to all international students, due to the difficult housing situation in the Stavanger area.

Students that are offered accommodation are offered a single or double room with a shared kitchen. The rooms are fully furnished and have free internet connection. More information about accommodation: www.uis.no/en/accommodation

RESIDENCE PERMIT

Students from EU/EEA countries do not need to apply for a residence permit, but must register with the police after arrival in Norway.

Nationals of non-EEA countries must apply for a student residence permit. One of the requirements is that the applicant must document access to enough funds to be able to live in Norway. Please read here for more information on how to document this: www.uis.no/en/visa-and-study-permit
