Background & Rationale:

As indicated in the Constitution and UARctic Bylaws, the Board of the association has general responsibility for UARctic’s administration, development and activities. The Board provides the economical and other resources of the association, while the Assembly’s role is to verify the operating plan and both income and expense estimates.

During its meeting in October 2022, the Board of UARctic approved the UARctic operating budget 2023, which presents the projected revenues and expenditures, compared to the budget and year-end projection for 2022.
