UArctic Generative Artificial Intelligence (AI) Guiding Principles

Our approach to generative AI is guided by the following principles:

- **Responsibility and Ethics:** Use AI tools in ways that align with UArctic's values
- **Data Protection**: Safeguard confidential, proprietary, and personal information in accordance with UArctic's Privacy Policy
- **Transparency**: Be clear about when and how AI tools are used
- **Human Oversigh**t: Maintain human judgment and accountability in decision-making
- Q**uality and Accuracy**: Verify AI outputs before relying on them
- **Compliance**: Adhere to all applicable laws, regulations, and contractual obligations
- **Continuous Learning**: Stay informed about AI capabilities, limitations, and best practices

Approved by the UArctic Board April 2026
