Proposal for an UArctic Thematic Network on the
Blue Economy and the Arctic

Proposed by the High North Center for Business and Governance
@ Nord University, Bodø

UArctic Assembly 2023, Quebec City, 22-26 May
Andreas Raspotnik & Elena Zhurova Sæther
The UArctic Thematic Network on the Blue Economy and the Arctic will provide a platform for collaboration and knowledge-sharing among academic scholars (from in and outside the Arctic, as well as businesses (and their representations) in the field of the circumpolar ‘blue economy’.
Objectives and Goals of the proposed TN

- **Policy-oriented academic research**
  - Publication of joint research papers
    - Policy-oriented outreach via The Arctic Institute
  - Development of a joint course/educational program (e.g. a summer course) on the Blue Economy and the Arctic – circumpolar, digital – Nord University
  - Support the aim of ArcBlue project to become project under the umbrella of the Arctic Council’s SDWG
  - Submission of at least one research application to the Norwegian Research Council, the Norwegian Ministry of Foreign Affairs or US National Science Foundation *Navigating the New Arctic*

- **Development of BlueArctic discussion arenas**
  - Establishment of a Blue Arctic Dialogue (academic workshop)
  - Development of a Blue Arctic Stakeholder Dialogue around the High North Dialogue in Bodø, Norway – annually
